**CITY OF CLEBURNE
RECOMMENDATIONS FOR MITIGATING
THE SPREAD OF COVID-19**

The City of Cleburne strongly recommends the following:

- (1) Create smaller groups for essential meetings, and consider holding video/audio meetings instead.
- (2) For individuals at increased risk of severe illness, cancel gatherings and limit nonessential outings. "Individuals at increased risk of severe illness" includes but is not limited to individuals 60 years and older; with compromised immune systems; with medical conditions such as diabetes, heart disease or disorders, or chronic obstructive pulmonary disease (COPD) or other lung conditions.
- (3) For operators of public spaces, provide ways for patrons to maintain safe social distancing, for example, maintaining six feet of separation between individuals; have hand washing capabilities, hand sanitizers and tissues available; and frequently clean high touch surface areas like counter tops, handrails, and doorknobs.
- (4) For workplaces, promote telecommuting; ensure employees do not work while sick; do not require a doctor's note for employees who are sick; maximize flexibility in sick leave benefits; and minimize the number of employees working within arm's length of one another.
- (5) For pharmacies, increase the use and capability of drive-thru, curbside, or delivery services; limit or restrict the number of customers permitted in a store at one time; minimize the number of employees working within arm's length of one another; provide handwashing capabilities, hand sanitizers, and tissues; and frequently clean high-touch surface areas like countertops, doorknobs, and handrails.
- (6) Determine ways to consider providing support services, including meals, to individuals at increased risk of severe illness while limiting group settings and exposures.
- (7) Minimize all nonessential travel inside and outside the city.

The City of Cleburne strongly recommends, as may be applicable, the following for Grocery Stores and Home Improvement and Supply stores greater than 25,000 square feet:

- 1) Establish clear barriers, such as plexiglass, between the checkout clerks and the customers.
- 2) Encourage the use of drive-thru, curbside, or delivery services.
- 3) Partner with churches who can shop for, pick-up and/or deliver groceries to the elderly and those with underlying health conditions.

3. Spread visitations out throughout the day instead of compressing them into smaller increments of time during the evening hours.
4. Discourage patrons from congregating in area such as foyers, living rooms or staterooms.
5. Encourage patrons to make their visits brief so everyone will be able to participate in the visitation while meeting current limitations on public gatherings or occupancy.
6. Should patrons have questions for funeral home staff or the director, please encourage them to call first as some questions may be addressed over the phone, as opposed to in person.
7. Seat patrons in such a manner that parties are practicing social distancing and remain a minimum of six feet (6') apart.
